The Tuesday afternoon and Thursday evening Roll-up sessions are club events that takes place weekly throughout the season. They are for matches between Club members on a team basis. They aim to help members get to know each other and play in different team positions.

While the Tuesday session does not count in any competition the Thursday session counts towards the M&B shield, awarded to the player who accumulates the greatest number of points during the season. No fee is charged for Tuesday matches and a small fee for Thursday matches.

Thursday match points are scored as follows:-

- Members of each winning team to score 5 points.
- Members of each drawing team to score 3 points
- Members of each losing team to score 1 point.

If the highest shots 'for' is the same then the competition is tied and the trophy will be shared.

For each session:- Tuesday & Thursday

- As a first choice, rinks or triples matches will be played, depending on the number of members attending.
- Teams will be selected by picking letter/numbered discs in a random draw for team members and playing position . These teams will be given first choice of rinks, both in terms of number of rinks and which rinks to play. The Roll-up organiser shall agree with the group the format of teams before the draw starts. This may be a mixture of rinks, triples or pairs depending on the numbers present.
- If there is an odd person that does not fit into a rink, triple or pair they will be added to one of the teams and the number of bowls for that team adjusted to make an equal number of bowls

- If less than 12 members turn up for a Thursday session, the scores will not count towards the accumulated score.
- All rinks, on Thursday, shall either play the same number of ends or the score will be counted at an agreed number of ends for all teams. No such rule applies to Tuesday sessions.
- Other club members, wanting a roll-up, but not taking part in the teams, may play any type of match on any of the rinks not used by the teams.
