

# **Studley Entaco Green Report April 2023**

## **Sat 1<sup>st</sup>**

Ordered eight bags of top dressing with John Mullins.

## **Mon 3<sup>rd</sup>**

Scarified the green and cleared up debris with the mower all with the help of club members.  
Applied E<sup>2</sup> Pro Instant and GoGreen to the green using the sprayer.

## **Tue 4<sup>th</sup>**

Met John Mullins at the club, he delivered the eight bags of top dressing (*J.M delivering the top dressing saved the club the delivery charge*).

## **Fri 7<sup>th</sup>**

Cut the green height of cut 6mm.

## **Wed 12<sup>th</sup>**

Infilled round the edges of the green where new edge boards have been installed with top dressing mixed with grass seed.

Checked and adjusted cutting height of the mower and reset the blades.

Rob U and Bill M on site cutting the green.

## **Thu 13<sup>th</sup>**

Clean up day prior to opening the green for the new season.

## **Fri 14<sup>th</sup>**

Second clean up day.

Cut the green with Mike V and Neil D helping height of cut 5mm.

Set out the rink markers.

## **Tue 18<sup>th</sup>**

Club opening day for the new season.

## **Fri 21<sup>st</sup>**

Unable to cut the green first thing raining quite hard.

Rain eased off somewhat by mid day, went and cut the green.

## **Mon 24<sup>th</sup>**

Cut the green raised height of cut to 5.5mm

Applied Aquasorb and Manifol Excel to the green.

Dave (Electricity) and Karen on site.

## **Fri 28<sup>th</sup>**

Cut the green height of cut 5.5 mm
