Turned off the watering system.

Wed 21st

Called in to the club, moved rink markers over half a rink.

Eri 23rd

Cut the green with Mike V assisting. Set the groomer on the mower and took off a lot of cuttings.

Mon 26th

Visited the club to look over the green, whilst the green was looking o.k noted that in parts the surface was breaking up and some cracks were appearing. Turned on the watering system to prog A.

Wed 28th

Hedge cutting day.

Asked by Mike Bell if the rinks could be turned round as the bowling lines on the previous evenings match had been quite unpredictable. Turned around the direction of play.

Turned off the watering system.

Noted that on that evenings match there were no problems.

Eri 30th

Cut the green with Mike V assisting.

Weeded round the edges of the green and filled around the edges where required with a mixture of top dressing and grass seed.

Treated the green with Aquasorb and Manifol Excel using the sprayer.
